THE TRUTH ABOUT ISSUE 38

- Creates a shadow government with unelected, inexperienced, and unaccountable people spending millions of dollars
- Carves a \$14 million hole in the City's budget, potentially forcing cuts to safety and city services
- Costs more than the City's entire budget for street repairs, the Department of Building and Housing, and the Department of Aging

ISSUE 38 IS TOO RISKY FOR CLEVELAND.

Vote NO on Issue 38 to protect our safety and services.
